ISHG 2027

International Conference on “Human Genomics to Precision Medicine”

Welcome Message

Dear Friends

ICMR – National Institute for Research on Blood and Immune Disorders (NIRBID) (formerly ICMR-NIIH), hosting International conference on "Human Genomics to Precision Medicine" and 51st Annual meeting of Indian Society of Human Genetics, 2nd to 4th February 2027. The ICMR-NIRBID is a static centre of the city, an institute of national importance. The institute is in forefront of research on inherited and aquired blood and immunological disorders, research, education and innovation.

The human genetic research started with chromosomes to molecules and advancement in human genome research enable to identify genomic variations which paved the way to establish rare disease diagnosis. The next generation sequencing including transcriptomes, single cell sequencing along with multi-omics moving towards precision medicine. There is a need to develop simple and affordable therapies, to treat the genetic diseases. We are inviting several National and International Scientists, who have significantly contributed in different areas of Human Genetics research.

This conference will provide a common platform for students and scientists to present their research findings and update their knowledge in recent development of Human Genetics. Scientific program will consist of key note address, invited plenary talks, young scientist awards lectures, oral & poster sessions. The conference venue is the CIDCO Convention Centre, Navi Mumbai, located on the Indian mainland opposite Salsette Island, across from the city of Mumbai. A significant percentage of Flamingos have settle in the Greater Mumbai Region and found in Navi Mumbai.

On behalf of the organizing committee, it is our pleasure and privilege to invite you to participate in ISHG 2027 conference. We assure you that this conference will be a memorable experience with an excellent opportunity to enjoy scientific events also with the social and cultural programs.

We look forward to welcoming you in Mumbai in February 2027.

Dr. Manisha Madkaikar

CHAIRPERSON

Dr. Babu Rao Vundinti

ORGANISING SECRETARY

About Mumbai

Ancient yet modern, Mumbai is India in microcosm. Earlier it was a cluster of seven islands and was the dowry of Portuguese Princess Catherine of Braganza who married Charles II of England in 1661. The Portuguese named it as 'Bom Baia' which means 'Good Bay'. The Kolis, one of the earliest inhabitants, used to call the islands as 'Mumbai' after Mumbadevi, the Hindu deity.

Nearly twenty million people live here who come from diverse ethnic backgrounds and speak over a dozen languages adding color, flavor, and texture to the great Mumbai melting pot. Mumbai is the financial, commercial, and entertainment capital of India.

Today, this sprawling metropolis continues to attract millions of dreamers and professionals from all corners of the country. Just as it did centuries ago when it transformed from a collection of quiet fishing villages into a bustling colonial port, the city thrives on its relentless energy, unmatched resilience, and deep-rooted history.

The glorious city offers a host of historical and modern landmarks to explore like Gateway of India, Elephanta Caves, Sanjay Gandhi National Park, Religious temples, Planetarium, Queens Necklace to name a few. The climate during this time of the year is pleasant, the temperature ranging from 20°C to 29°C.

ISHG 2027

International Conference on “Human Genomics to Precision Medicine”

Topics Covered

Hemoglobinopathies

Cancer Genomics

Genetic Diseases

Population Genetics

Cytogenetics

Immunogenetics

Mitochondrial Genetics

Genomic technologies

Therapies

Rare Diseases

Reproductive Genetics

AI in Genomics

Genomic Instability

Ethical Issues

Awards & Orations

LD Sanghvi Oration Award

Young Scientist Award

Emerging Researcher Award

Best Poster Award

Best oral presentation Award

Best oral presentation Award
Cytogenetics / Molecular Cytogenetics

Abstract Submission

Last date for Abstract submission: Dec 10, 2026

Abstract notification by: Dec 30, 2026
